Subject: CSC Teleconference summaries and attachments for FOIA releasability

Katharine, I don't know if you are the decision maker on such things, but most if not all CSC deliverables tend to have a CBI stamp on the cover, with the assumption that the attached technical support information is also CBI.

In particular, we have a FOIA for the Upper Animas Mining District/Upper Cement Creek and our attorney has asked me to have CSC confirm that the CSC Technical Support memos and notes are in fact to be maintained as CBI. If so, we need CSC to substantiate why maintaining CBI is in CSC's interest.

As is typical with FOIAs, this is time sensitive and Richard Sisk was hoping to have this information today, or just as soon as possible. Please reply to both Richard Sisk and me.

Thanks for your assistance in this matter.

Sincerely,

**Sabrina Forrest
